

KILLED BY TRAIN.

Green Ford, of Kirkland, Killed Near
That Place Sunday Night.

Green Ford, about 71 years of age, was run over by an excursion train on the Florida railroad, near his home at Kirkland Sunday night, and instantly killed.

From what we can learn of the unfortunate accident, Mr. Ford was waiting for the excursion train to return from Mayo, and was expecting it to stop. If it did he intended getting on and coming to this city. When the train did arrive, at about 11 p. m., there were no passengers to get off, and the train was running at about twenty miles an hour when Mr. Ford, whose eyesight was quite bad and he no doubt misjudged the distance, attempted to cross the track, when he was struck by the engine and instantly killed. The engineer was powerless to prevent the accident.

The train was brought to a stop and the dead body put aboard and brought to this city. Monday the remains were laid to rest in Friendship cemetery.

Mr. Ford kept batch at Kirkland, where he conducted a cold drink stand. He came to this state from Georgia after the death of his wife some time since. He has two or three grown sons in Georgia who have been notified of his death.

So far as we have been able to learn he had no near relatives living in this county.

DEATH OF BARTOW LAW.

Fell From An Excursion Train and
Instantly Killed.

Welborn, Aug. 31.—When within five miles of home, after spending the day in Fernandina with the crowd of excursionists, Bartow Law fell from the train at Lake Ogden Monday night at 11 o'clock and was instantly killed. He was swinging on the steps and had been admonished by friends to come inside, but not realizing his danger he continued on the steps until in some manner his hold gave way and he was hurled to his death. He was about 21 years of age and leaves a widowed mother, whose only support he was.

His untimely death is very much regretted by his friends, as he was a hard working, honest boy, and was liked by a host of people.
